An entertaining and informative

TELEPATHIC ANIMAL COMMUNICATION

One Day Introductory Workshop

All proceeds to the Balanced Being Foundation

How would you like to have a real “heart to heart” with your animal? Come along to this workshop and tap into the intuitive heart language that you already possess, and which your animals use daily!!!!

Sue, Glen and Elaine

Through a series of basic exercises Elaine and Sue will show you how to develop your natural telepathic abilities in order to facilitate 2-way communication with animals. You will learn to see, hear and feel what the animals have to tell you.

“Whether you are owned by an animal or work with them professionally, this course is for you.”

Quote from a previous workshop participant. “I was sceptical when I arrived, and I didn’t expect to get anything. When I got accurate information from the animals that I worked with, I was stunned. You could have knocked me down with a feather. If you love your animals this workshop is a must.” *Val Stewart, Birkenhead.*
